Opis produktu

Jetpack powered handball in Space!!

Dash Arena is a two-player game in which players lead team of athletes in fast and chaotic sport of the far future. You will roll dice and move your figures with goal of scoring 5 or more points before your opponent. You score points by scoring goals (3 points) or by tackling opposing disk holder (1 point).

At the beginning of your turn, you will roll 3 dice. One die at a time, you will use those dice to move your figures. Number on die determines how many spaces figure must move. Figures move in a straight line, except if something makes them change their direction. After moving all of your figures, your opponent will do the same and so on.

Dash Arena has rules for basic and advanced game. Advanced game rules are just an upgrade to basic game rules. We recommend that you play a few games with basic rules only.
